E/A first appeared at 6 o'clock traveling from low	to level. He then turned
and came in at 11 o'clock in a pursuit curve which	cerried him to within 50
feet of our A/C. I fired at him as he swept in and	saw him burst into flame
as he passed under the a/c.	
BT-I saw E/A coming in at 6 o'clock and fired on 1	nim as he passed. When he
passed beneath me after the 11 o'clock pass I could	i see flames coming from the
cock it.	
NI saw this N/A smoking and flaming heavily until	he passed out of sight
beneath us.	DESTROYED !

CONFLETE STORY OF THE ATTACK:
TG called the two e/a that came in from 0600 on our A/C. I turned my guns to that position and saw two e/a at 700 yards. At 600 yards one peeled toward 0730 o'clock.
came in very close firing all of its guns and came right into the formation. When
TT - I saw o/a explode off our left wing.

SHIP!
TG-MA come over low squadron between their #1 and #5 heading directly toward
our tail. I picked him up in my sights at 400 yards and immediately started
firing at him. I gave him 2 short and one long burst. He was firing all the
way in to 150 yards (filling 3/4 of my sight) at which point he pulled up into
a stall, dropped his left wing and went under our left wing amoking from the
underbolly, black oily smoke.
BSaw flame along right side of B/A from middle of its wine to behind milatia
canopy as it dived off under wing of No #811.
